# Modular Banquette Seating

Modular Banquette Seating

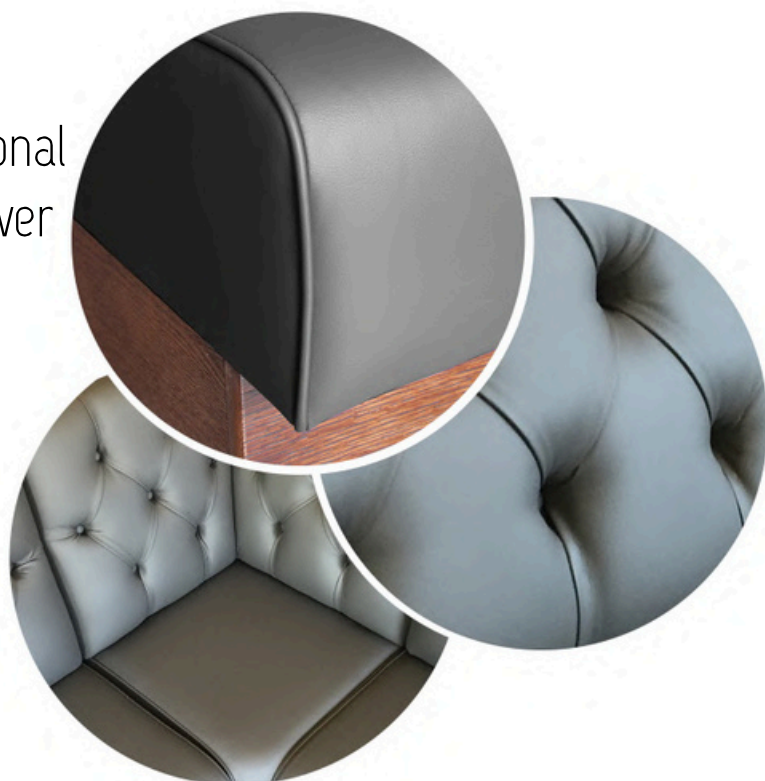

# Deep Buttoned Back

Nothing says luxury more than deep buttoned furniture, a traditional method of upholstery that has never gone out of fashion.

Mix up the colours of this traditional design and suddenly you have a contemporary modern piece of furniture.

And we do it properly..... No sewn in pleats here, every single button is hand pleated and buttoned by our expert team of upholsterers.

Modular Banquette Seating

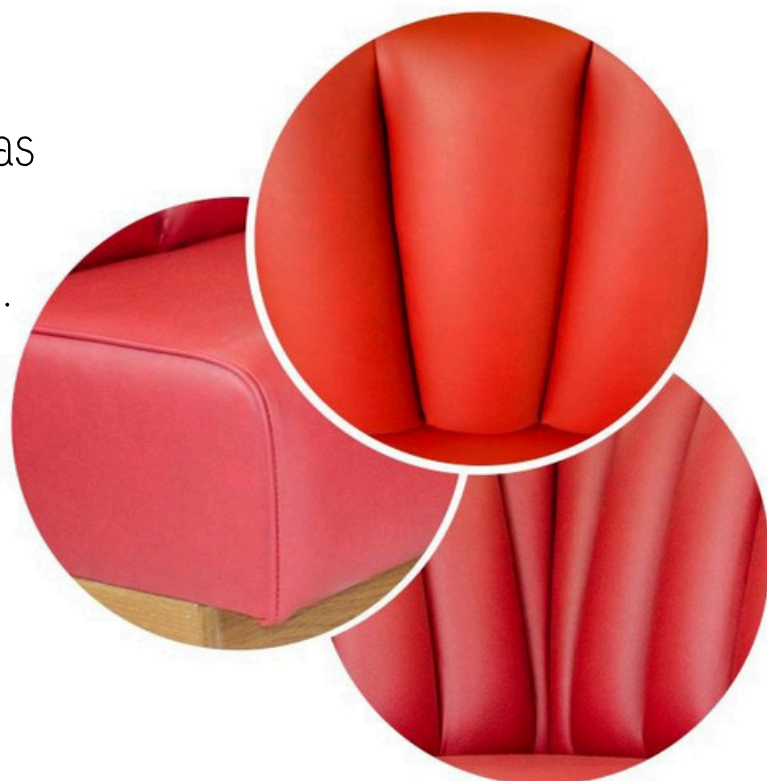

# Fluted Back

Bold, Crisp & Clean Lines.....  
Our Curvaceous Fluted seating has every flute individually sewn and filled to give you the perfect curve.

So perfect it didnt take long to catch the eyes of Hollywood, recently appearing in "Spiderman - Far From Home."

Choose a custom velvet for a retro look or a solid colour faux leather for something ultra modern or really mix it up with contrasting red & white for that American Diner look.

Modular Banquette Seating

# Plain Back

Simplicity, is the ultimate sophistication  
"Leonardo Da Vinci"

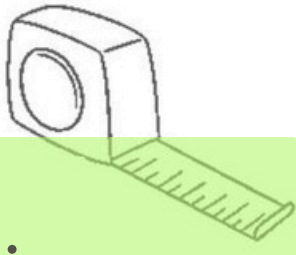

Our plain back seating goes the extra mile, we beautifully sew multiple sections together to give clean, crisp lines. Not just wrapping the fabric around losing the distinct shape.

We make a perfectly fitting sleeve and slide on to ensure every angle and line is as beautiful as originally designed. Every angle has a piped edge to ensure it stays pronounced and square.

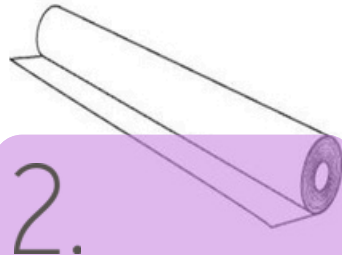

# Modular Banquette Seating

1.

Measure and plan your area to calculate suitable sections to fit the space in your desired layout. If you need help with this call our sales team for advice.

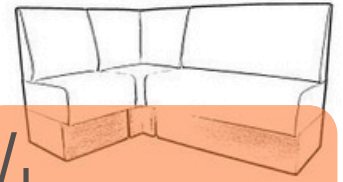

2.

Now you have a list of sections required, choose your back design, fabric and kickboard colour. Select any options eg. Headrolls, Fabric outside back, Back to back kits etc.

3.

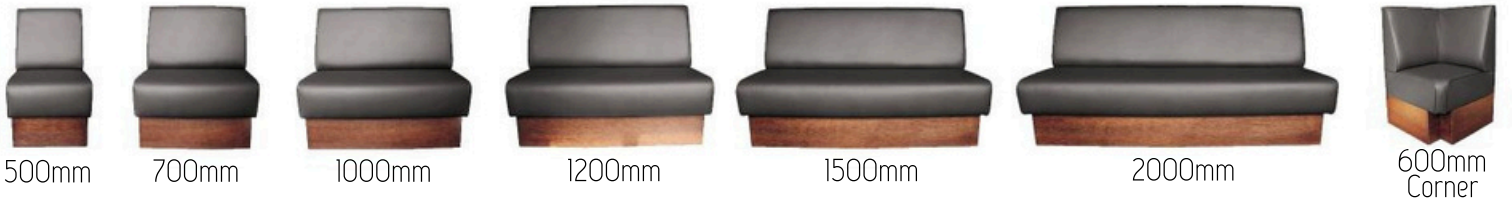

Call our Sales team or order online. Our Craftsmen will then manufacture your seating to your specification, carefully package and prepare for dispatch

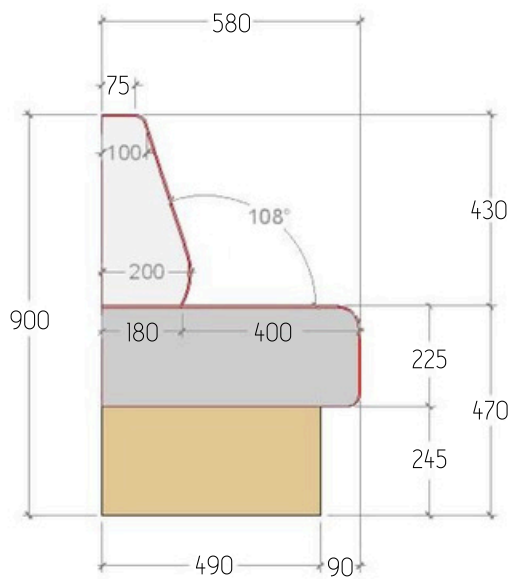

4.

Your seating will be delivered to your doorstep fully assembled ready for you to lay out. The units can be freestanding or clip off front kickboards to secure units together or to the building.

**MAKE IT YOUR OWN**

## Optional Extras

### Headrolls

Want extra height? or maybe that extra WOW factor?

Adding a headroll will definitely achieve that by increasing the overall height by 200mm. Available on all back styles of Modular and Signature Seating, you can mix up the colours for a unique look or use in back to back booths for extra privacy.

### Embroidery

Promote your brand by having it embroidered onto your seating.

Have your logo or name in the background of every picture your customers share on social media for ultimate brand exposure.

We can embroider on the headroll or directly onto the plain back, We can also embroider onto Chairs, Stools, anywhere with flat fabric.

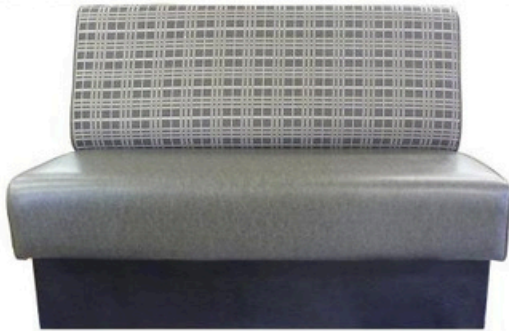

### Float Button

Small details can make all the difference.

Add a row or two of float buttons to your plain back seating. You decide how many buttons you want and distance between them to make it your own.

## Optional Extras

## Custom Fabric

If you're looking for something a little more unique to your taste or want to express your brand then go for a custom fabric.

We have access to 1000's of different fabrics from 100's of suppliers so we will be able to fulfil your requirements.

We can mix the back and seat fabric and even give you contrasting piping and buttons. From plaid to florals, crushed velvets to linens, it is your chance to let your imagination run wild and really create your perfect seating.

## Fabric Outside Back

Standard Outside Back

Optional Fabric Outside Back

As standard, the back of the seating is finished in hardboard similar to the back of a wardrobe, which is perfect if the seating is going against a wall. If your layout requires some or all units to have the backs exposed the Fabric Outside Back option is a must. With this option our upholsterers will cover the outside back in the same fabric as the rest of the seating to ensure the seating is pleasing on the eye from all angles.

## Custom Length

We know it doesn't matter how good you are at Tetris, sometimes our standard units just won't fit. Then you will need a custom size.....

If you're trying to fit between 2 walls or just want to reduce the amount of units needed, we can help.

Call or email our sales team to discuss with your desired measurements. Pricing for custom units is generally priced at the size above then a surcharge to make smaller.

## Optional Extras

## Oak Arm

Finish the end of your seating an optional arm.

Our Oak Arm is a modern version of a pew end, finishes off the end of seating nicely and even gives you a place to rest your arm. Made from an oak veneered panel, Edged with solid oak to make this arm super tough against wear and tear. Stained to match your kickboards. Add one to each end and boom! you have a sofa..... Adds an additional 75mm to the length per arm.

## Fixtures & Fittings

We offer a wide selection of fitting kits to give your seating the finishing touches needed to look exceptional. From back to back kits to make your booths really flow seamlessly to general cappings and radiator cappings. If you have a obstruction or an unusual shape we can make a capping for you. Supplied oversized to be trimmed in and without fittings. Please call our Sales Team to discuss.

## Signature Kickboards

Sticking with the Modular Banquettes but want Signature stains on your kickboards? or want to paint or stain yourself? Either upgrade to Signature stains or ask for RAW kickboards so you can paint or stain to match the rest of your furniture.
